Looking Forward - Kinshasa in DR Congo, August 2022

It is only days away and I and Dr John Symons will be in Kinshasa in DR Congo to launch our French program. We have been invited to minister at a pastor's conference with 7,000 French-speaking pastors and leaders in attendance. This is the perfect place to launch the *Certification Avancée du Ministère Pastoral*.

The qualification has been fully developed and we pray there will be a great enrolment as a result of our ministry in Kinshasa.

Our 2022 Faith Goal – 10,000 Training Requests

At the midpoint of the year, we are exceeding our expectations and goals. As of the 30th of June 2022, we have had 5555 training requests. God willing we will achieve our goal of 10,000 training requests sometime in November.

New Website Launched

Axx now has two websites Axx.global our mission's website and Axx.edu.au our subsidised training website. Already we are seeing an increase in the traffic and the sign-ups with our missions program at Axx.global. It has our French and English programs side by side with no confusion. As with all websites we are still cleaning up a few bugs. If you find any drop us a line so we can fix them.

We have designed the website to be a step-by-step guided process that clearly explains the training, the process and requirements. It took a lot of prayer, insight and testing but it appears to work incredibly well.
