

## Dr Brendan Roach – Introductory Information

Axx was founded in 2018 but the seeds of its beginning began many years before. It began when I was a teenager and it was prophesied over me that I would go into all the world, the four corners of the earth and teach the word of God and become a minister to ministers. Over the next 40 years God has led, bless and open the doors for me to follow the call of God on my life and found the ministry of Axx. A ministry that goes to the four corners of the earth and pastors teaching pastors.

Dr Brendan's lifelong ministry call is to *teach the word* and *train more pastors and leaders for ministry*.

Dr Brendan was the former President of Harvest Bible College.

Brendan is married to Carol and has 4 children and 3 grandchildren.
